My Contrary Mary Apr 15 2022 Long live the queen: The authors who brought you the New York Times bestselling *My Lady Jane* kick off an all-new historical trilogy with the classy, courtly tale of Mary, Queen of Scots. Welcome to Renaissance France, a place of poison and plots, of beauties and beasts, of mice and . . . queens? Mary is the queen of Scotland and the jewel of the French court. Except when she's a mouse. Yes, reader, Mary is an Eōian (shapeshifter) in a kingdom where Verities rule. It's a secret that could cost her a head--or a tail. Luckily, Mary has a confidant in her betrothed, Francis. But things at the gilded court take a treacherous turn after the king meets a suspicious end. Thrust onto the throne, Mary and Francis face a viper's nest of conspiracies, traps, and treason. And if Mary's secret is revealed, heads are bound to roll. A Strange and Stubborn Endurance Feb 19 2020
“Many a reader longing for a sense of homecoming

in the realm of romantic fantasy will find it in *A Strange and Stubborn Endurance*.”—Jacqueline Carey “Stolen me? As soon to say a caged bird can be stolen by the sky.” Velasin vin Aaro never planned to marry at all, let alone a girl from neighboring Tithena. When an ugly confrontation reveals his preference for men, Vel fears he’s ruined the diplomatic union before it can even begin. But while his family is ready to disown him, the Tithenai envoy has a different solution: for Vel to marry his former intended’s brother instead. Caethari Aeduria always knew he might end up in a political marriage, but his sudden betrothal to a man from Ralia, where such relationships are forbidden, comes as a shock. With an unknown faction willing to kill to end their new alliance, Vel and Cae have no choice but to trust each other. Survival is one thing, but love—as both will learn—is quite another. Byzantine politics, lush sexual energy, and a queer love story that is by turns sweet and sultry, Foz Meadows' *A Strange and Stubborn Endurance* is an exploration of gender, identity, and self-worth. It is a book that will live in your heart long after you turn the last page. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

My Imaginary Mary Mar 02 2021 It's aliiiiiiiive! New York Times bestselling authors of My Lady Jane are back with the electric, poetic, and (almost) historical tale of the one and only Mary Shelley. Mary may have inherited the brilliant mind of her late mother, Mary Wollstonecraft, but she lives a drab life above her father's bookstore, waiting for an extraordinary idea that'll inspire a work worthy of her parentage--and impress her rakishly handsome (and super-secret) beau, Percy Shelley. Ada Lovelace knows a thing or two about superstar parents, what with her dad being Lord Byron, the most famous poet on Earth. But her passions lie far beyond the arts--in mechanical engineering, to be exact. Alas, no matter how precise Ada's calculations, there's

always a man willing to claim her ingenious ideas as his own. Pan, a.k.a. Practical Automaton Number One, is Ada's greatest idea yet: a machine that will change the world, if only she can figure out how to make him truly autonomous . . . or how to make him work at all. When fate connects our two masterminds, Mary and Ada learn that they are fae--magical people with the ability to make whatever they imagine become real. But when their dream team results in a living, breathing, thinking PAN, Mary and Ada find themselves hunted by a mad scientist who won't stop until he finds out how they made a real boy out of spare parts. With comic genius and a truly electrifying sense of adventure, Cynthia Hand, Brodi Ashton, and Jodi Meadows continue their campaign to turn the classics on their head in this YA fantasy that's perfect for fans of *Frankenstein* and *The Gentleman's Guide to Vice and Virtue*.

Imagine that the American highway system is a vast magical network binding city to city. By soaking up magic from intentionally directionless travel, initiates can slip into alternate realities. Stray too far from our America, though, and things get weird. And dangerous. And terrifying. When visionary mathematician Zelda Qiang was in college,

she learned how to travel from one alternate reality to another. Her response was to take her friends on a road trip to strange new worlds. Six of them set out. Only five returned. Zelda's lover, Sal, betrayed them: she walked into the jags—sharp cutting shadows like cracks in space—and didn't come back. Now Zelda still walks the road alone, a wandering magus keeping the jags from breaking through. But now Sal is coming back—with Dark Things in tow.

Nightrender Feb 25 2023 Kingdoms will fall, gods will die, and hearts will be broken in this sprawling new fantasy from New York Times bestselling author

Jodi Meadows. In the middle of nothingness is the Island of Salvation. Reality bends easily here. Villages disappear. Forests burn forever. Pockets of inconsistent time are everywhere, their boundaries strung with yellow ribbon. And the three kingdoms of Salvation have been at war for a thousand years. But the greatest threat is the Malice, an incursion from the demon plane slowly tearing its way through the world's weakest seams. Seams that—once split—will lead to the total unraveling of night and day, light and dark, life and death. Not that the human world takes much interest. Of more concern is the upcoming marriage of Rune Hightower, Prince of Caberwill, and Johanne Fortuin, Princess of Embria—the serpent bride, a girl of famous cunning—which offers a possible end to the ancient conflict. But Rune has noticed the growing darkness, and he is determined to summon mankind's only defense: Nightrender, the hammer of the gods, an immortal warrior more weapon than girl. There is only one problem. The last time she was summoned, she slaughtered every royal in Salvation, and no one knows why. Will she save humanity from the Malice... or plunge it deeper into the fires of eternal war?

It’s only when they’re taken to the city as prisoners that Terra finally discovers Vadix, the boy who has haunted her dreams. But Vadix has a dark past of his own, and Aleksandra is intent on using violence to lead their tiny band to freedom. When the rebel leader gets humanity expelled from the planet, it’s up to Terra, with Vadix by her side, to unite her people—and to forge an alliance with the alien hosts, who want nothing more than to see humanity gone forever. “Starbreak successfully combines sensuous, forbidden romance with hard science fiction elements like first contact, strange planets, and politics” (VOYA).
