**Laurel Mountain Laurel** Dec 19 2019 Laruel Mountain Laruel: the title is a sort of rough palindrome, appropriate for Jake Reinhart's vision, in which time is reflected upon itself and the end is also the beginning (and is also the end). The transient and the enduring are revealed to be one and the same. These photographs - somehow both tender and unsparing - were made in Southwest Pennsylvania, in the Youghiogheny region. One surviving translation has it that "Yough" means four, and "henné" means stream.

"I've been along those four streams, and I've seen how they come together," Reinhart says, "losing their specificity yet retaining what is inherent to each - creating something larger and joining places and people that would otherwise appear disjointed and separate." As for the streams, so for the images in Laruel Mountain Laurel: individual pictures exist essentially, while together they bind both space and time - the eternal and the geological brought into a semblance of coherence with the fragile and the human. We see that, despite our best efforts to erase and exploit, the land will ultimately have its own way, and on its own schedule. --

Following the success of Crewel Intentions and Crewel Twists, which introduced embroiderers to using needle-lace and loom-weaving techniques, comes Crewel Creatures, the third title in this series by renowned embroiderer Hazel Blomkamp. Animals and birds are popular subjects in crewel embroidery, and here Hazel introduces needleworkers to the beautiful, exotic creatures found in the African wild. Following the Jacobean embroidery style for which Hazel is well known, and incorporating the subtle influence of the fractal designs found in zentangle art, Hazel brings beads and other three-dimensional elements into her designs, capturing the stunning and colourful art that is traditionally associated with Africa. Those new to Hazel's work will find a useful guide to the essential crewel stitches, needle-lace and needle-weaving techniques in an easy-to-follow how-to section and stitch gallery, and all embroiderers will be impressed by the wealth of design ideas and inspiration this book has to offer. With every project, step-by-step instructions and gorgeous photographs are included, along with a template of the design. All the projects are stitched and embellished on natural coloured linen, making them not only perfect for framing for display but also wonderfully economical for embroiderers to work on.
