I'm a full-time single dad to three daughters and CFO at Cloverleigh Farms. I don't have time to fall in love-I'm too busy trying to run a business, keep the red socks out of the white laundry, and get the damn pillowcases on without owing a dollar to the swear jar. Sure, Frannie Sawyer is beautiful and sweet, but she's twenty-seven, the boss's daughter, and my new part-time nanny-which means she's completely off-limits. It's bad enough I can't stop fantasizing about her, what kind of jerk would I be if I acted on the impulse to kiss her?(Exactly the kind of jerk you're thinking.) Actually, I'm worse than that-because I didn't stop with a kiss, and now I can't stay away. She makes me feel like myself again. She reminds me what it's like to want something just for me. She's everything I ever needed, but nothing I ever imagined. I'm a former Marine. I should have had the strength to resist her from the start. But I didn't. And now I have to choose between the life I want and the life she deserves. Even if it means giving her up. Abby's big break-up just went viral. When Abby Boyko agrees to go on a morning TV show as part of a Valentine's Day special, she's in for a big surprise. Instead of promoting their new phone app, her business partner—and boyfriend—breaks up with her on live TV. Then the video goes viral. Now Abby's lost her relationship, her fledgling business, and her self-esteem. Still reeling from the humiliation, Abby would prefer to stay swaddled in her cozy colourful apartment with her rescue cat, Oscar—but determined to develop a competing app, she arranges a meeting with tech genius, Mason Harrington. From the moment he saw Abby's video, Mason's gentle heart was filled with sympathy for her. He can't believe he's getting a chance to actually help her. Unfortunately, his nervous awkwardness makes their first encounter a complete disaster when he accidentally makes her cry, insults her business idea, and harasses her. But what Mason lacks in suaveness, he makes up for in determination. He's going to apologize and make things right. Can he be the knight in wrinkled Dockers who helps Abby heal her broken heart? *My Viral Valentine* is the first book in the *Holiday Hat Trick* trilogy. These romcoms feature three close girlfriends, crazy hijinks in the pursuit of love, and beer league hockey—all set in the wintry capital city of Ottawa. Each story is set around a holiday. *Neo-Victorian Things: Re-Imagining Nineteenth-Century Material Cultures in Literature and Film* is the first volume to focus solely on the replication, reconstruction, and re-presentation of Victorian things. It investigates the role of materiality in contemporary returns to the past as a means of assessing the function of things in remembering, revisioning, and/or reimagining the nineteenth century. Examining iterations of material culture in literature, film and popular television series, this volume offers a reconsideration of nineteenth-century things and the neo-Victorian cultural forms that they have inspired, animated, and even haunted. By turning to new and relatively underexplored strands of neo-Victorian materiality—including opium paraphernalia, slave ships, clothing, and biographical objects—and interrogating the critical role such objects play in reconstructing the past, this volume offers ways of thinking about how mis/apprehensions of material culture in the nineteenth century continue to shape our present understanding of things. feminist criticisms of Ursula K. Le Guin's 1969 science fiction novel "The Left Hand of Darkness", discuss their justification question, and further examine the consistency of Le Guin's description of the genderless society of Gethen. The Left Hand of Darkness tells the story of Genly Ai, an envoy from Earth ("Terra"), sent by the "Ekumen", a union of inhabited planets, to planet Gethen in order to convince the planet's inhabitants to join an interstellar alliance. Throughout the novel Le Guin explores Genly Ai's difficulties to understand and become part of society on Gethen, which are mainly due to the fact that all the inhabitants are ambisexual; they only take on a biological gender once a month, in a short period of sexual activity. Each individual has the capacity to become either a man or a woman, and their sex can differ from one month to the other. The Left Hand of Darkness has played an essential role in the history of science fiction. Since Science Fiction was a largely male dominated field of literature in the 1960s, both in its authors and its protagonists, Le Guin's novel was pathbreaking in many ways. It has attracted a lot of attention for its unusual focus on social science and human relationships as opposed to natural science and technology and for its attempt to show a society of complete equals. However, Le Guin's thought-experiment about a genderless or gender-ambiguous society has frequently been subject to harsh criticism by feminist critics, who hold that she has not succeeded to create a credible picture of this society. They claim the gender situation throughout the book to be inconsistent. According to these critics, instead of de "We vampires are focused and tend to shape our own realities." "My name is Katrina Rawlings, and I am a vampire. I declare that with neither pride nor ego. I am simply nature's most dangerous predator. On occasion, it's a very helpful quality. It helped me protect Caleb Taylor one day when he was very young. But that single, traumatic day is behind him now; wiped from his memory, or so I hope. He has finally matured into a rather striking young man, and believe me, I like what I see. I'm feeling hopeful for our future together, in fact. But an adversary from my past has returned to haunt me, and she's trying to get back at me through Caleb. That was her first...and last...mistake. I'll protect my Caleb at all costs, and I'll make her regret the day she was born. So, I suppose that I'm not just a vampire. I'm about to become someone's worst nightmare. A Tatler Sizzling Summer Read Spectator Best Books of 2015 Shortlisted for the Guardian's Not the Booker Prize 'Intense, impressive... Told with force and bracing directness... It's a book that smashes into you' Guardian 'Both disturbing and ultimately uplifting . . . the images she conjures up are so subversively creepy they haunt you for days' Spectator 'Deserves major attention' New York Times Pilgrim Jones doesn't belong here. She belongs in the cities of Europe, by her handsome husband's side. But here she is, in a village on the edge of Africa. No one knows why she is here and what she is hiding from. And she is not going to tell them - about her husband's betrayal, or the children she killed in a crash. But two men from Pilgrim's past are coming to find her - two men with very different motives. It's the future, and space is not safe. Raiders terrorize the known shipping lanes and a new order needs to be restored. Commando Inc., from a secret military base, led by former covert military operative Mark Carson and his team aboard the sentient starship Pulsar are all that stand between future prosperity and a new dark age for humanity. With a sharp eye for social detail and the pressures of class inequality, Alfred Hitchcock brought to the American scene a perspicacity and analytical shrewdness unparalleled in American cinema. Murray Pomerance works from a basis in cultural analysis and a detailed knowledge of Alfred Hitchcock's films and production techniques to explore how America of the 1940s, 1950s, and 1960s is revealed and critically commented upon in Hitchcock's work. Alfred Hitchcock's America is full of stunning details that bring new light to Hitchcock's method and works. The American "spirit of place," is seen here in light of the titanic American personality, American values in a consumer age, social class and American social form, and the characteristic American marriage. The book's analysis ranges across a wide array of films from Rebecca to Family Plot, and examines in depth the location sequences, characterological types, and complex social expectations that riddled American society while Hitchcock thrived there. Jack Valentini isn't my type. Sexy, brooding cowboys are fine in the movies, but in real life, I prefer a suit and tie. Proper manners. A close shave. Jack might be gorgeous, but he's also scruffy, rugged, and rude. He wants nothing to do with a "rich city girl" like me, and he isn't afraid to say so. But I've got a PR job to do for his family's farm, so he's stuck with me and I'm stuck with him. His glares. His moods. His tight jeans. His muscles. His huge, hard muscles. Pretty soon there's a whole different kind of tension between us, the kind that has me misbehaving in barns, trees, and pickup trucks. I've never done anything so out of character-but it feels too good to stop. And the more I learn about the grieving ex-Army sergeant, the better I understand him. Losing his wife left him broken and bitter and blaming himself. He doesn't think he deserves a second chance at happiness. But he's wrong. I don't need to be his first love. If only he'd let me be his last. On the run from their past,

It was karma. When our eyes met across the crowded bar, I was drawn magnetically. Beyond her beauty and supple body, it was her unshakeable calm I craved—she was the yin to my yang. Still when she immediately suggested we go to my place for sex, I nearly dropped my drink. But once we got into my truck and she saw my breathalyzer, she bailed. Who could blame her? It's visible proof I screwed up. Now I can't stop thinking about her. In a city of over two million people, how do I find a woman with no name, no connections, nothing? But destiny means I'll find her and convince her that I'm more than a loser with a DUI. And then we'll explore our incredible connection. Oh, did I mention I'm right in the middle of the biggest hockey tryout of my life? With backstabbing teammates who want to see me fail and a coach who's got a hate-on for me? This study explores the premise that the experience of being "born from above" in John's Gospel can be seen as mirroring the development of human subjectivity, particularly as understood through the psychoanalytic work of Julia Kristeva. It draws specifically on Kristeva's theory of how the human self/subject takes shape in infancy, her contention that subjectivity is a work in progress, and her insistence on abjection as a catalyst for developing selfhood. Examining the story of Mary of Bethany (as narrated in John 11-12) through this lens, this analysis seeks to better understand the concept of new birth and how it relates to being fully human. Oh my! Waiting for Karma is fine-for the patient. But for the rest of us, it sure would be nice to give Karma a little nudge every once in a while. Was it one too many dates that turned out to be losers or liars? Have a problem with two-faced backstabbers? And don't even start with the so-called customer service centers. There comes a day when enough is really, truthfully, enough already. For Kelly and Esmeralda, two snarky single witches, that day was yesterday. After applying their witchcraft to dish out a little magical payback, they realize they have a penchant for the dark art of revenge. And who's to say a witch can't make a few bucks with a talent like that? Doing the odd job was fun and gratifying. Then along came an unusual client with a pitch for an idea, "Karma Inc.-Reality TV." The witches set up shop in the sleepy little town of Caldron Falls, Wisconsin. By enabling the good citizens to settle old scores, they hoped to transform the town into a virtual coliseum of televised revenge. It didn't take long before a few inconvenient and unexpected dead bodies began to pile up. To complicate matters, Caldron Falls just happens to have more than its fair share of paranormal creatures, not to mention a Chicago mobster seemingly bent on taking over the town. Can Esmeralda and Kelly solve the rash of unexplained deaths before they get the blame and end up behind bars? What will Marie Laveau and the Witches Union have to say about this? And as any fool knows, Karma carries a round-trip ticket. A 50-year history of the rock era, including every album that made "The Billboard 200" chart - over 25,000! David Lynch has been accused for decades of sexism and even misogyny in his work, due largely to frequent depictions of violence against women. Yet others see in Lynch's work the deification of the female, and actresses like Laura Dern and Naomi Watts jump at every opportunity to work with him. "He is the master of the juxtaposition of the creepy and the sweet, the sexual and the chaste," wrote W's Lynn Hirschberg. "And at the heart of this tense, intriguing friction, you will always find Lynch's women." The Women of Lynch is a deep, provocative dive into this paradox, featuring ten essays, thought pieces and impressionistic interpretations of Lynch's depiction of women on screen, by an eclectic array of accomplished female critics, scholars, performers, and writers, each tackling this vexing conundrum in her own unique way. The book also contains an interview with actress Mädchen Amick (Shelly Johnson in Twin Peaks) where she gives first hand knowledge on what it is like to be a woman of Lynch. Lisa Hession interviews the original woman of Lynch, Charlotte Stewart (Eraserhead, Twin Peaks) about being the actress with longest active span of working with David Lynch. This is the first essay book about the work of David Lynch by all female writers. Readers will enjoy The Women of Lynch: A Collection of Essays. This book contains essays by: x.
