Learn how to use R to turn raw data into insight, knowledge, and understanding. This book introduces you to R, RStudio, and the tidyverse, a collection of R packages designed to work together to make data science fast, fluent, and fun. Suitable for readers with no previous programming experience, R for Data Science is designed to get you doing data science as quickly as possible. Authors Hadley Wickham and Garrett Grolemund guide you through the steps of importing, wrangling, exploring, and modeling your data and communicating the results. You'll get a complete, big-picture understanding of the data science cycle, along with basic tools you need to manage the details. Each section of the book is paired with exercises to help you practice what you've learned along the way. You'll learn how to: Wrangle—transform

your datasets into a form convenient for analysis Program—learn powerful R tools for solving data problems with greater clarity and ease Explore—examine your data, generate hypotheses, and quickly test them Model—provide a low-dimensional summary that captures true "signals" in your dataset Communicate—learn R Markdown for integrating prose, code, and results Four Verbal Reasoning test papers in the style and format of the GL Assessment 11 Plus tests used by selective state schools in England. The Non-Verbal Ninja Training Course

Non-verbal reasoning questions in the 11+ exam provoke anxiety amongst students and parents alike, since the test seems, at first, to be unlike the activities of normal everyday life. In reality, however, it is straightforward to train to improve one's performance in these puzzles. The Non-Verbal Ninja Training Course from Eureka! Eleven Plus Exams is a three-part series of training books with several features to maximise the skill boost they provide to students. Full explanations are given immediately after each block of questions. Visual explanations are provided where these are easier to understand. The early questions of each type are easy, testing only one or two rules. Challenging, broad-ranging questions are soon introduced. Each question teaches an additional skill or reinforces a core skill. You are not told in advance exactly what the rule will be, so you build confidence in identifying the rule for yourself - a crucial skill for exam success. The series of books, studied in sequence, covers the spectrum of types of format of questions and of the types of rule being tested. Some rules can be tested in many different settings. Dedicated practice and, more importantly, careful review of the explanations of questions that turned out to be difficult, is the key to success in Non-Verbal Reasoning. How To Do Non-verbal Reasoning has been written to support preparation for the 11+ and other entrance exams. It breaks down the question types used to assess non-verbal reasoning ability, and provides practice opportunities throughout, plus an authentic non-verbal reasoning exam paper, to test knowledge and understanding. The step-by-step, full colour revision course that teaches all the secrets for exam success. This 7 lesson course covers all the key skills of 11+ Verbal Reasoning exams tips, tricks and short-cuts to improve your score. It provides with quick check-ups to keep you on course for success. It also contains 8 timed 50 minute tests to build exam skills, which is lively

and fun to do. The Official 11+ Practice Papers series offers the most authentic practice available for the 11+, mirroring the exact design of the real 11+ tests your child is likely to take.
