“An engaging journey into the wild and wonderful world of drumming.”—CLEM BURKE, *Blondie To have a great band you need a great drummer*. For the first time, Tony Barrell shines a long-overdue spotlight on these musicians, offering an exciting look into their world, their art, and their personalities. In *Born to Drum*, he interviews some of the most famous, revered, and influential drummers of our time—including Chad Smith, Ginger Baker, Clem Burke, Sheila E., Phil Collins, Nick Mason, Patty Schemel, Butch Vig, and Omar Hakim—who share astonishing truths about their work and lives. He investigates the stories of late, great drummers such as Keith Moon and John Bonham, analyzes many of the greatest drum tracks ever recorded, and introduces us to the world’s fastest and loudest drummers, as well as the first musician to pilot a “flying drum kit” onstage. Filled with fascinating insights into the trade and little-known details about the greats, *Born to Drum* elevates drummers and their achievements to their rightful place in music lore and pop culture. “As *Born to Drum* proves, there’s a lot more to be told about drums and drumming than the Rolls-Royce in the swimming pool and the pyro beneath the bass drum.”—NICK MASON, *Pink Floyd* “Everyone should read this book—especially if you’re not a drummer. A great insight into a great sport.”—Joey Kramer, *Aerosmith*

Your past, your present, and your perceptions of the future are a powerful part of your life. What do you do with your past? How do you view your personal future? What impact does that view of the future have on you right this moment? Do you have any control over where your life goes from here, or are you simply a pawn in a great chess game?

Avoiding the temptation to provide a simple self-help recipe or to ignore the dark and serious issues of life, *Forward Story* leads readers to a challenging reflection on meaning, purpose, and the future. This book equips you to

take action and to be purposeful in the way you live. Rather than telling you how to live, Forward Story requires that you actually be the author of your own story. If you want to live a life in harmony with your values, purpose, and ambition, this book provides what you need in order to write the future you desire.

Endorsements:"e;Forward Story is a compilation, with interesting storytelling, of everything I have learned about life, success, and failure in my eighty-three years. Casey has done a marvelous job of writing down in an orderly manner what I wished I could have heard when I was twenty years of age--and thereby could have avoided most of the pitfalls I experienced."e; Bill Martin, VP, Texas Instruments"e;Forward Story includes abundant anecdotal and historical narrative to illustrate and clarify the concepts of writing one's personal Forward Story. Casey relies on his ability to guide, persuade, and motivate others to a higher level of achievement, to successful accomplishment, and to the satisfaction of a job well-done. Read the book! Take the advice! Follow the steps in writing your own Forward Story. You will be glad you did!"e; Jimmy Creel, Ed.D., Assistant Professor, Lamar University"e;For every dramatic performance, every achievement, every success, there's a story behind the story. It's called the backstory. Mark Casey writes the more important chapter, the Forward Story. This is a guide to help you achieve that success, to realize your performance, and to live your dream. Pulling from his own goal-oriented successes, and inspired by the achieved dreams from science, literature, public service, and sports, Mark provides a practical handbook to help you write your future and live the life you have yet to imagine."e; Thomas Graham, President and CEO, Crosswind Communications, LLC"e;I enjoyed three consecutive careers as a preacher, lawyer, and corporate senior executive, so I have had my share of transitional moments. As I was preparing to retire several years ago, Mark shared the concept of this book with me. My wife and I wrote our Forward Story for the first two years of retirement, and what a positive difference that made! Mark's book is a refreshing reminder of what it takes to successfully maneuver through the ambiguities of life's constant flux. Whatever your age and whatever changes you are facing, take the time to read and ponder this book."e; James W. Poppell, former Executive VP (Retired), NextEra Energy, Inc.
