Taking a fresh approach to fantasy sports, this guide covers strategies and techniques both unique to specific sports, and trends applicable to all sports, while providing tips to help the casual player get the most out of every game. "A real find for the aspiring writer."--"The Associated Press "In-depth information."--"The Writer Who are they? What do they want?

How do you win them over? Find the answers to these questions and more in the 1998-1999 edition of the "Writer's Guide to Book Editors, Publishers, and Literary Agents by Jeff Herman. Filled with "the information authors and aspiring authors need in order to avoid having a manuscript end up in the "slush pile," this comprehensive listing is organized in an easy-to-use format. It includes in-depth information about publishing houses and literary agents in the United States and Canada. The specifics include the names and addresses of editors and agents, what they're looking for, comission rates, and other key information. In addition, readers will discover the most common mistakes people make while attempting to solicit an agent (and how to avoid them) as well as numerous suggestions designed to increase the chances of getting representation. "Writer's Guide to Book Editors, Publishers, and Literary Agents also

includes dozens of valuable essays giving readers insight and guidance into such topics as: - How to Write the Perfect Query Letter - The Knockout Nonfiction Book Proposal - How to Thrive After Signing a Publishing Contract - Mastering Ghostwriting and Collaboration - Free Versus Fee: The Issue of Literary Agency Fees About the Author "Jeff Herman is the founder of The Jeff Herman Literary Agency, a leading New York agency. He has sold hundreds of titles and represents dozens of top authors. Herman frequently speaks to writer's groups and at conferences on the topic of getting published. The game of Fantasy Basketball can be traced back to the early days of the sporting when enthusiasts created an organization and a rulebook that allowed lovers of the game to virtually own and enjoy healthy competition. Since its inception, the game has continued to grow in popularity. Major growth was seen directly proceeding the 1990's with the introduction of

the worldwide web. It has since been given coverage by major sporting arenas and channels such as CBS, ESPN, the NBA and Yahoo! Fantasy Sports. “This is the single best resource on NFTs I have ever seen in my life.” - Cooper Turley, Advisor at Audius “If you are new to the NFT space or want to take a deep dive into the NFT revolution we are currently experiencing, be sure to get your hands on the How to NFT book brought to you by the CoinGecko team. It’s a great resource to have at your fingertips for those who need a well-researched introduction into all things NFTs.” - Jeff Zirlin, Growth Lead and Co-Founder of Sky Mavis “This book is a great cheat sheet for investing in NFTs. It condenses 6 years’ worth of experience into one easy read.” - Benjamin Rameau, Co-founder of Jenny DAO The prolific rise of the Internet has given us many things but the one thing it

lacked, was digital property rights. NFTs, however, change this. NFT is an abbreviation for Non-Fungible Token, a type of token that is built on top of the blockchain. Unlike other conventional cryptocurrencies (e.g., Bitcoin), which are fungible, NFTs are meant to record the ownership of a digital asset on the blockchain. This opens up the door to all kinds of revolutionary opportunities which was not possible before. NFTs are expected to grow exponentially in the coming years and form the foundation of the digital economy. You will learn about the different industries that NFTs have permeated, such as art, collectibles, metaverses, games, and more. NFTs have existed since 2014 but only became mainstream in 2021. Over that span of time, a lot of developments have taken place. Use this book to keep up with the scene and learn how NFTs are disrupting countless industries and even creating new ones. In this book, you will learn: - What are NFTs - The different industries which

leverage NFTs - Step-by-step guides in creating and acquiring NFTs - Real-life use cases of NFTs and how you too can earn from opportunities within the space For the hottest tips on where to shop ask the experts...Where to Wear. World renowned as the insider bibles for shopping, Where to Wear are the most detailed and authoritative directory of clothing and accessory stores for men, women and children. Videogamers will find all they need to know in this collection of reviews of the top 150 games. Includes a roundup of monthly magazines and e-zines and Web site contact information for all hardware manufacturers, game developers, and publishers mentioned in the guide. Screen shots. As games grow ever-more ubiquitous in our culture and communities, they have become popular staples in public library collections and are increasing in prominence in academic ones. Many librarians, especially those who are not themselves gamers or are only acquainted with a handful of games, are ill-prepared to successfully advise patrons who use games. This book provides the tools to help adult and youth services

librarians to better understand the gaming landscape and better serve gamers in discovery of new games—whether they are new to gaming or seasoned players—through advisory services. This book maps all types of games—board, roleplaying, digital, and virtual reality—providing all the information needed to understand and appropriately recommend games to library users. Organized by game type, hundreds of descriptions offer not only bibliographic information (title, publication date, series, and format/platform), but genre classifications, target age ranges for players, notes on gameplay and user behavior type, and short descriptions of the game's basic premise and appeals. The Video Games Guide is the world's most comprehensive reference book on computer and video games. Presented in an A to Z format, this greatly expanded new edition spans fifty years of game design--from the very earliest (1962's Spacewar)

through the present day releases on the PlayStation 3, Xbox 360, Wii and PC. Each game entry includes the year of release, the hardware it was released on, the name of the developer/publisher, a one to five star quality rating, and a descriptive review which offers fascinating nuggets of trivia, historical notes, cross-referencing with other titles, information on each game's sequels and of course the author's views and insights into the game. In addition to the main entries and reviews, a full-color gallery provides a visual timeline of gaming through the decades, and several appendices help to place nearly 3,000 games in context. Appendices include: a chronology of gaming software and hardware, a list of game designers showing their main titles, results of annual video game awards, notes on sourcing video games, and a glossary of gaming terms. The fact any person in the world can generate millions of dollars just by converting their artwork to non-fungible tokens

still shocks most. Doves of artists, musicians, business owners, and other creators who engage in art production remain unaware of the new digital world's opportunities they can take advantage of right now. This book will teach you everything you need to know about investing in Non-Fungible Tokens so that you can generate income, become financially free, and change your life even if you've just heard about it and don't know anything yet. You will understand all the NFT's basics, and you will be taken step-by-step from the beginning to the end of the process while having access to actionable tips, tricks, and strategies along the way. Are you unsure how to invest in NFTs? This guide will give you step by step learning process and acknowledge you about all the tools you need to grab this new huge opportunity to make money! You will learn: Basics of the blockchain, NFTs and digital art History of NFTs and the most successful cases Key terms and the NFT standards
