*If your first love came back to offer you everything you ever dreamed of, what would you do? Hannah is thirty-eight and the happily married mother of eleven-year-old Luke, the diamond in her world. Her marriage is reassuringly stable, and after fifteen years she has managed to push the wild dreams of youth from her mind and concentrate on the everyday satisfactions of here and now. The first half of her life hasn't been as exciting as she had hoped, but then, she reckons, whose has? When she succeeds in convincing husband Cliff to rent a villa in the south of France for a summer vacation with her sister Jill and gay friend Tristan, she's expecting little more than a pleasant few weeks with her family. But they each have their own baggage - their own secrets - ready to explode on this not-so-relaxing holiday in France. When a phone call at the villa announces the imminent arrival of a ghost from her past, the ambiance is transformed into a raging sea of jealousy as Hannah is forced to question everything she thought she knew and believed. But is she brave enough to take the life-changing decisions her future happiness requires? The hotly anticipated sequel to Nick Alexander's bestseller *The Half-Life of Hannah* If finding true love meant giving up everything else, what would you do? When Hannah and Cliff's fifteen-year marriage falls apart, it seems almost impossible to start again. While Hannah tries to reconcile the warring factions of her heart, torn between a pre-teen son and a romantic love half a world away, Cliff struggles to face up to issues he has suppressed since adolescence in the hope of finding happiness in a confusing world. Amid the turmoil of separation, and with their son, Luke, caught in the crossfire, both Hannah and Cliff face the challenge of rebuilding their lives. To make the other halves of their lives count, they will need courage and determination. To build new relationships, they will need to dare to love again. *Other Halves* beautifully maps the break-up of a couple, with all the tough choices and heartache it entails, but above all it is a touching story of self-discovery, finding new love and beginning life afresh. A mix of memoir and narrative non-fiction. *White Lines* is about a Nicholas Royle's passion for Picador's fiction publishing from the 1970s to the end of the 1990s. It explores the bookshops and charity shops, the books themselves and the way a unique collection grew and became a literary obsession. A genre-defying page turner that fuses thriller and speculative fiction with dark fantasy in a hidden world in the heart of Cold War Europe. *Europe, 1963*. And the true Cold War is fought on the borders of this world, at the edges of the light. When the assassination of a traitor trading with the enemy goes terribly wrong, British Intelligence agent Christopher Winter must flee London. In a tense alliance with a lethal, mysterious woman named Karina Lazarova, he's caught in a quest for hidden knowledge from centuries before, an occult secret written in a language of fire. A secret that will give supremacy to the nation that possesses it. Racing against the Russians, the chase takes them from the demon-haunted Hungarian border to treasure-laden tunnels beneath Berlin, from an impossible house in Vienna to a bomb-blasted ruin in Bavaria where something unholy waits, born of the power of white fire and black glass . . . It's a world of treachery, blood and magic. A world at war in the dark. From the outside, Alice's marriage looks successful. It's true that Ken was never her first choice, but four decades in, she's learned to tolerate him. Their two sons have chosen their own paths, Tim as a successful banker and Matt a carefree globetrotter she can't keep up with. But when circumstances collide to make her*

*question the life she's quietly accepted, Alice realises she's been lying to herself for years. It's time to stand up and put her own happiness first, but where do you begin when you've turned your back on everything? Alice craves the support of someone who understands her, but Tim won't take sides and his trophy wife won't give her the time of day. It seems the only person she can really rely on in her new start is herself. Unless ... Can her other son come through for her? Matt's been travelling so long that she barely knows which continent he's on. But could his experience as the black sheep of the family be just what she needs to finally reveal the secret she's bottled up for years--and find the happiness she gave up on so long ago? "A strange plague called the 'Gets is decimating humanity on a global scale. It causes people to forget--small things at first, like where they left their keys, then the not-so-small things like how to drive or the letters of the alphabet. Then their bodies forget how to function involuntarily. There is no cure. But far below the surface of the Pacific Ocean, a universal healer hailed as 'ambrosia' has been discovered. In order to study this phenomenon, a special research lab has been built eight miles under the sea's surface. When the station goes incommunicado, a brave few descend through the lightless fathoms in hopes of unraveling the mysteries lurking at those crushing depths...and perhaps to encounter an evil blacker than anything one could possibly imagine"--Page [4] of cover. The true story of an A&E doctor that became a huge word-of-mouth hit. Scotland Street witnesses the wedding of the century of Angus Lordie to Domenica Macdonald, but as the newlyweds depart on honeymoon Edinburgh is in disarray. Recovering from the trauma of being best man, Matthew is taken up by a Dane called Bo, while Cyril eludes his dog-sitter and embarks on an odyssey involving fox-holes and the official residence of a cardinal. Narcissist Bruce meets his match in the form of a sinister doppelganger; Bertie, set up by his mother for fresh embarrassment at school, yearns for freedom; and Big Lou goes viral. But the residents of Scotland Street rally, and order - and Cyril - is restored by the combined effects of understanding, kindness, and, most of all, friendship. While sailing in the Caribbean, young Alex Hawke witnesses an act of unspeakable horror as modern-day pirates brutally murder his parents. It is a tragedy that will haunt him forever and shape his destiny. As a direct descendant of a legendary English pirate, Lord Alexander Hawke is skilled in the ways of sea combat - and one of Britain's most decorated naval heroes. Now, Hawke returns to the Caribbean on a secret mission for the American government. A highly experimental stealth submarine is missing. She carries forty nuclear warheads, and is believed to be in the hands of an unstable government just ninety miles from the US mainland. In a race against time, Hawke must locate the sub before a strike can be launched against the US - and, after a lifetime of nightmares, finally avenge himself on the mean who slaughtered his family . . . Recounts the events of a day when everything goes wrong for Alexander. Suggested level: junior, primary. Barbara - a child of the Blitz - has devoted her life to her family. She has protected her two children from the harsh realities of life, and this has included keeping a number of secrets about her marriage to famous photographer Tony Marsden. But with such an incomplete picture of the past, her children have struggled to understand who their parents really are, and in turn, she sometimes fears, to build their own identities. When daughter Sophie decides to organise a vast retrospective exhibition of her adored father's work, old photos are pulled from dusty boxes. But with them come tumbling secrets from the past, secrets that will challenge every aspect of how Sophie sees her parents. The CIA keeps a lot of secrets. None more deadly than him. After a covert mission became personal, the only way elite counterterrorism operative, Alexander King, could keep his loved ones safe, and the eyes of Washington's enemies blind to his existence, was to disappear. A year after his family buried a body they thought was his, King saves a young woman from a car bomb in London, and that's when his work in the shadows becomes complicated. Because she's not who he thinks she is, and the web that King is pulled into is tangled with enemies that reach the highest levels of the United States government. But this web being spun by a sadistic terrorist isn't your average one-time explosive attack. Saajid Hammoud is aiming higher. He isn't trying to cripple the greatest military in the world, he's looking to control it. And owning the presidential candidate with a clear path to the White House gets him all the way to the top. When politics fail, and the might of the world's most powerful nation hangs in the balance, it's secret weapons like Alexander King who scour the alleys and back avenues that often make the difference. Unfortunately, King isn't the only secret in this high stakes game of war. But for the sake of the free world, he sure as hell better be the best. If you couldn't put down Vince Flynn's Mitch Rapp, Lee Child's Jack Reacher, Tom Clancy's Jack Ryan, Brad Thor's Scot Harvath, or David Baldacci's Will Robie, fans of Bradley Wright*

*believe you won't be able to put down the addictive Alexander King. \_\_\_\_\_ Praise for international bestselling author Bradley Wright: ????? "Best new thriller author since Vince Flynn, David Baldacci, and Brad Thor!"????? "Loved ALL the books. Bradley is one of my favorite writers. When you start the book, it is impossible to put down."????? "As soon as you start this book, and every other book by Bradley Wright, you are immediately engulfed in nonstop action and suspense!"????? "King sits alongside Rapp, Reacher, and Harvath as my favorite action-thriller heroes. Raffish, urbane and frequently drunk, David Highland has kept a grip on his remote coastal parish through a combination of disordered charm and high-handed determination. When his faith impels him to take a hard line with a bereaved parishioner, he finds himself dangerously isolated from public opinion. As his own family begins to fracture, David must face a future that threatens to extinguish not only his position in the town, but everything he stands for. Stephen Beresford's play *The Southbury Child* is a darkly comic drama exploring family and community, the savage divisions of contemporary society, and the rituals that punctuate our lives. It was co-produced by Chichester Festival Theatre and the Bridge Theatre, London, in 2022, starring Alex Jennings and directed by Nicholas Hytner. 'In a Time of Distance', the poem from which the collection take its title, was written at the start of the global pandemic which struck at the start of 2020, here the author reminds us of what is important in life and to focus on love, friendship and family. And it is this approach to life that makes this collection a captivating celebration of love and friendship, of Scotland and people, of animals and books. Looking at the world through the lens of this writer, it is a better, more humane place. Throughout the collection there are moments of swoop and soar, descriptions that will make you laugh and realign your view. The author reminds us to look at the world differently, to stop once in while and look up at the sky. The Top 10 E-book Hit: over 200,000 copies sold to date CC is trapped by a job she no longer loves in an unfriendly city. So when her new boyfriend decides it's time to sell up and move to the South of France, she decides in seconds to change her life. After all, who wouldn't pick an azure sea, aperitifs and sunshine over a dreary commute and a rainy climate? She hadn't expected a tumbledown farmhouse in the middle of nowhere. Or a motley assortment of surly builders, eccentric farmers and a resentful, terrifying neighbour - who happens to be her boyfriend's aunt. Suddenly, CC's dream of a place in the sun is looking more like a nightmare. Does she have the courage to stick it out, and make a home of her French house? 'One of the finest accounts of the mysterious workings of grief I have ever read.' Helen Macdonald 'Completely compelling.' Olivia Laing 'Read it with awe and sorrow.' Fatima Bhutto After the sudden death of his father, Nick Blackburn embarks on a singular, labyrinthine journey to understand his loss. How do you create an existence when all you can see is a void? *The Reactor* is a memoir about absence and creative possibilities, assembled like the pieces of a puzzle. Through philosophy, music, fashion, psychology, art and film, Blackburn travels a vast panorama of ideas and characters to offer an entirely new exploration of grief. This is a book about looking for and finding chain reactions and human connection - a work of enduring fragmentary beauty. The best-selling author of the No. 1 Ladies' Detective Agency series deftly escorts Jane Austen's beloved, meddling heroine into the twenty-first century in this delightfully inventive retelling. The summer after university, Emma Woodhouse returns home to live with her widowed father and launch her interior design business. Apart from cultivating grand career plans and managing her father's hypochondria, Emma busies herself with the two things she does best: matchmaking and offering advice on everything from texting etiquette to first date destinations. Happily, this summer presents abundant opportunities for both, as old and new friends are drawn into the sphere of Emma's counsel: George Knightley, her principled brother-in-law; Frank Churchill, the attractive stepson of her former governess; Harriet Smith, a naïve but enchanting young teacher's assistant at the local language school; and the perfect (and perfectly vexing) Jane Fairfax. Carriages have been replaced by Mini Coopers and cups of tea by cappuccinos, but Alexander McCall Smith's sparkling satire and cozy sensibility are the perfect match for Jane Austen's beloved tale. A collection of essays from today's most acclaimed authors—from Cheryl Strayed to Roxane Gay to Jennifer Weiner, Alexander Chee, Nick Hornby, and Jonathan Franzen—on the realities of making a living in the writing world. In the literary world, the debate around writing and commerce often begs us to take sides: either writers should be paid for everything they do or writers should just pay their dues and count themselves lucky to be published. You should never quit your day job, but your ultimate goal should be to quit your day job. It's an endless, confusing, and often controversial*

conversation that, despite our bare-it-all culture, still remains taboo. In *Scratch*, Manjula Martin has gathered interviews and essays from established and rising authors to confront the age-old question: how do creative people make money? As contributors including Jonathan Franzen, Cheryl Strayed, Roxane Gay, Nick Hornby, Susan Orlean, Alexander Chee, Daniel Jose Older, Jennifer Weiner, and Yiyun Li candidly and emotionally discuss money, MFA programs, teaching fellowships, finally getting published, and what success really means to them, *Scratch* honestly addresses the tensions between writing and money, work and life, literature and commerce. The result is an entertaining and inspiring book that helps readers and writers understand what it's really like to make art in a world that runs on money—and why it matters. Essential reading for aspiring and experienced writers, and for anyone interested in the future of literature, *Scratch* is the perfect bookshelf companion to *On Writing*, *Never Can Say Goodbye*, and *MFA vs. NYC*. The Number 1 Ebook hit: over 270,000 copies sold to date

Thirty-nine year old CC is living the urban dream: a high-powered job in advertising, a beautiful flat, and a wild bunch of gay friends to spend the weekends with. And yet she feels like the Titanic - slowly, inexorably, and against all expectation, sinking. The truth is, CC would rather be digging turnips on a remote farm than convincing the masses to buy a life-changing pair of double-zippered jeans - rather be snuggling at home with the Missing Boyfriend than playing star fag-hag in London's latest coke-spots. But sightings of men without weird fetishes or secret wives are rarer than an original metaphor, and CC fears that pursuing the Good Life alone will just leave her feeling even more isolated. Could her best friend's pop-psychology be right? Are the horrors of CC's past preventing her from moving on? And if CC finally does confront her demons, will she find the Missing Boyfriend? Or is it already too late? Penny and Victoria are about as different as two siblings can be, one with a smart London lifestyle, the other struggling to make ends meet. When events begin to tug at the fabric beneath which dark secrets are hidden, the resulting chaos threatens to tear the two families apart.

*Nick of Time* is the first young reader's book written by bestselling author Ted Bell - a wondrous tale of time travel, adventure, and riches, in which twelve-year-old Nick McIver sets out to become "the hero of his own life." The setting is England, 1939, on the eve of war. Nick and his younger sister, Kate, live in a lighthouse on the smallest of the Channel Islands. Nick and Kate come to the aid of their father who is engaged in a desperate war of espionage with German U-boat wolf packs that are circling the islands. The information they provide to Winston Churchill is vital as he tries to warn England of the imminent Nazi invasion. One day Nick discovers an old sea chest, left for him by his ancestor, Captain Nicholas McIver of the Royal Navy. Inside, he finds a time machine and a desperate plea for help from the captain. He uses the machine to return to the year 1805. Captain McIver and, indeed, Admiral Nelson's entire fleet are threatened by the treachery of the French and the mutinous Captain Billy Blood. Nick must reach deep inside, using his wits, courage, and daring to rescue the imperiled British sailors. His sister, Kate, meanwhile, has enlisted the aid of two of England's most brilliant "scientific detectives," Lord Hawke and Commander Hobbes, to thwart the invading Nazis. She and Nick must face England's underwater enemies, a challenge made all the more difficult when they discover the existence of Germany's supersecret submarine. In this striking adventure for readers of all ages, Nick must fight ruthless enemies across two different centuries, on land and sea, to help defeat those determined to destroy his home and his family.

Tracy is back on TV in *My Mum Tracy Beaker!* Watch the major TV series on CBBC and iPlayer. A fabulous new cover look for this brilliant story starring Tracy Beaker, Jacqueline Wilson's most enduring and popular character. *I'm Tracy Beaker, the Great Inventor of Extremely Outrageous Dares - and I dare YOU not to say this is the most brilliant story ever!* I've bought a big fat purple notebook for writing down all my mega-manic ultra-scary stories in. But especially for my own story. Of how my foster-mum, Cam, has turned out to be a real meanie. No designer clothes, when I really need them. A pokey flat, and a horrible new school. No wonder I keep bunking off. . . Still, it will have to do until my real mum comes and gets me. And until then, no-one is going to be better at the Dare Game than me! There's only way to stop bioterrorism. Catch it before it spreads. Just one week after an entire town in Alaska mysteriously fell ill, all two hundred of them were dead. Six months ago a famous Russian virologist entered Seattle for a World Health Conference, but then he disappeared. Coincidence? The President of the United States doesn't think so, that's why he's sending in elite counterterrorism operative, Alexander King. King might not know anything about bioweapons, but he's an expert at stopping bad people from doing bad things. And if he doesn't get his man this time, millions of lives

could be lost. Learn how to use R to turn raw data into insight, knowledge, and understanding. This book introduces you to R, RStudio, and the tidyverse, a collection of R packages designed to work together to make data science fast, fluent, and fun. Suitable for readers with no previous programming experience, R for Data Science is designed to get you doing data science as quickly as possible. Authors Hadley Wickham and Garrett Grolemund guide you through the steps of importing, wrangling, exploring, and modeling your data and communicating the results. You'll get a complete, big-picture understanding of the data science cycle, along with basic tools you need to manage the details. Each section of the book is paired with exercises to help you practice what you've learned along the way. You'll learn how to: Wrangle—transform your datasets into a form convenient for analysis Program—learn powerful R tools for solving data problems with greater clarity and ease Explore—examine your data, generate hypotheses, and quickly test them Model—provide a low-dimensional summary that captures true "signals" in your dataset Communicate—learn R Markdown for integrating prose, code, and results

In the days when men sought to rescue damsels in distress, Sir Benedict Childerley's only desire is to rescue Lord Robin Holt from an arranged marriage. Lord Robin, a sweet, gentle boy from a wealthy family, wants a knight in shining armor. When they meet Sir Ben is not charging in a white steed, but on his back unconscious after a jousting accident. Temporarily banished to a Welsh monastery, Lord Robin tends the knight's injuries, and despite this ignominious first encounter, Lord Robin quickly realizes that the handsome knight is the only man who can win his heart. Sir Ben, the bastard son of a rich lord, is willing to fight an army in order to keep his beloved boy. "Publisher's Note: This book contains explicit sexual situations, graphic language, and material that some readers may find objectionable: dubious consent, male/male sexual practices, whipping." ?On February 15, 2013, the Chelyabinsk meteor sailed over Russian skies in a streak of light that was momentarily brighter than the Sun. The remarkable event and its subsequent shock wave were witnessed and documented by countless local residents, launching a widespread scientific expedition to gather and study the remaining meteoritic fragments. This book chronicles Chelyabinsk's tale of recovery and discovery from the minds of many of the scientists who studied the superbolide, leading field experiments and collecting meteorites and meteorite dust across the region. The Chelyabinsk superbolide is a complex and multi-aspect phenomenon. The book not only presents the results of the scientific research but also details the firsthand experiences of those involved in such efforts, providing readers with a unique opportunity to look at the "inner workings" of science that are seldom shown to the public. Over the course of their studies, the scientists collected over 200 photographs and a dozen video recordings taken by nearly 40 different eyewitnesses. Many of those never-before-published illustrations and photos can be found in full color in the pages of this book. Like lightning/you strike/fast and free/legs zoom/down field/eyes fixed/on the checkered ball/on the goal/ten yards to go/can't nobody stop you/can't nobody cop you... Twelve-year-old Nick is a football-mad boy who absolutely hates books. In this follow-up to the Newbery-winning novel *The Crossover*, football, family, love, and friendship take centre stage as Nick tries to figure out how to navigate his parents' break-up, stand up to bullies, and impress the girl of his dreams. These challenges – which seem even harder than scoring a tie-breaking, game-winning goal – change his life, as well as his best friend's. This energetic novel-in-verse by the poet Kwame Alexander captures all the thrills and setbacks, the action and emotion of a World Cup match. He was the CIA's most deadly secret weapon. Now he's the world's most wanted man. Elite counterterrorism operator Alexander King is on a mission in Mexico City when a surprise is left for him in the trunk of his car. The contents will change his life forever, and may very well end his legendary run with the CIA. King's entire career has been about saving others. This time it will take everything he's got just to save himself. She ran away from the truth, but she can't run forever. Seven years after his sister vanished without a trace, Jude is on the road, determined not to return home until he has found her. He wants to reunite his broken family, but more than this he wants to know why Zoe left--what happened when they were kids, on that terrible day when everything fell apart. They'd been enjoying the funfair--grasping a rare moment of happiness following their parents' divorce--when after a ride together, Zoe had stopped speaking to her mother's new partner. Though Mandy believed he was the man she'd waited all her life for, her love for her daughter trumped even that, and soon suspicions of an unthinkable betrayal shattered the family. So finding Zoe would be just the start. If Jude can find her, then what happens next will depend on the story she's been carrying with her all these years. Because when families are destroyed by dark secrets, can the wounds ever truly heal? From

*Nick Alexander, the author of the No 1 ebook hits, The Photographer's Wife, The Half-Life of Hannah and The French House. Alice has been lying to herself for years, holding fast to the belief that the needs of her family far outweigh her own. But her outwardly successful marriage hides dark secrets, and for much of her life, the children were the only reason she stuck around. These days, though her successful banker son lives nearby, his young wife seems to do everything she can to keep Alice at bay. As for Alice's other son, he has always been something of a stranger and has been traveling for so long that Alice isn't even sure what continent he is on anymore. Alice can't help but wonder if the effort she expends presenting a united front to the outside world is actually helping anyone and what would happen if she suddenly stopped pretending. Could life, like the novels she devours, hold surprises in its closing chapters? And if she did shake everything up by admitting the truth about her marriage, would anyone be on her side? Has the time finally come for Alice to put her own needs first? For the first time in years, her heart is racing. Can Alice really change her life? Dare she even imagine such a thing? 'One of the best love stories I have ever read. It made me cry and laugh in equal measures' Reader review 'This book made my heart hurt and burst! I am in awe . . . This is a must read . . . Loved this book so very much!' Reader review 'Absolutely shredded my heart . . . What a beautiful story of second chances, love, guilt and fate . . . you won't be able to stop until you know what happens' Goodreads reviewer \_\_\_\_\_ From the number one bestselling author of The Notebook and Two by Two comes an unforgettable tale of enduring love . . . Hope Anderson is at a crossroads. After six years with her boyfriend, she is no longer sure what she wants, and when her father becomes ill she heads to her family's cottage at Sunset Beach in North Carolina to make some difficult decisions. Tru Walls has been summoned across an ocean from where he was born and raised in Zimbabwe by a letter from a man claiming to be his father. In journeying to Sunset Beach, Tru hopes to unravel the mystery surrounding his mother's life, but the letter will lead him in an unexpected direction. When these two strangers' paths cross, their chance encounter sets in motion a heart-breaking story - one that will transcend decades, continents and the workings of fate.*

*\_\_\_\_\_ Praise for multi-million-copy bestseller phenomenon, Nicholas Sparks: 'Deeply moving and I was captivated . . . fans are going to adore this latest, beautifully written tale' Daily Mail 'A powerful read that tugs at the heartstrings' OK! Magazine 'When it comes to tales about love, Nicholas Sparks is one of the undisputed kings' Heat 'An absorbing page-turner' Daily Mail 'A fiercely romantic and touching tale' Heat on The Longest Ride 'An A-grade romantic read' OK! on Safe Haven 'This one won't leave a dry eye' Daily Mirror on The Lucky One "Previously published by BIGfib Books in Great Britain in 2017. This edition contains editorial revisions."--Title page verso. This book aims to further a debate about aspects of "playing" and "gaming" in connection with history. Reaching out to academics, professionals and students alike, it pursues a dedicated interdisciplinary approach. Rather than only focusing on how professionals could learn from academics in history, the book also ponders the question of what academics can learn from gaming and playing for their own practice, such as gamification for teaching, or using "play" as a paradigm for novel approaches into historical scholarship. "Playing" and "gaming" are thus understood as a broad cultural phenomenon that cross-pollinates the theory and practice of history and gaming alike. This ground-breaking book advances the fundamental debate about the nature of addiction. As well as presenting the case for seeing addiction as a brain disease, it brings together all the most cogent and penetrating critiques of the brain disease model of addiction (BDMA) and the main grounds for being skeptical of BDMA claims. The idea that addiction is a brain disease dominates thinking and practice worldwide. However, the editors of this book argue that our understanding of addiction is undergoing a revolutionary change, from being considered a brain disease to a disorder of voluntary behavior. The resolution of this controversy will determine the future of scientific progress in understanding addiction, together with necessary advances in treatment, prevention, and societal responses to addictive disorders. This volume brings together the various strands of the contemporary debate about whether or not addiction is best regarded as a brain disease. Contributors offer arguments for and against, and reasons for uncertainty; they also propose novel alternatives to both brain disease and moral models of addiction. In addition to reprints of classic articles from the addiction research literature, each section contains original chapters written by authorities on their chosen topic. The editors have assembled a stellar cast of chapter authors from a wide range of disciplines – neuroscience, philosophy, psychiatry, psychology, cognitive science, sociology, and law – including some of the most brilliant and*

*influential voices in the field of addiction studies today. The result is a landmark volume in the study of addiction which will be essential reading for advanced students and researchers in addiction as well as professionals such as medical practitioners, psychiatrists, psychologists of all varieties, and social workers. An authoritative, step-by-step guide to the Alexander Technique, to help actors find new and beneficial ways of moving, thinking, breathing and performing. Written by an experienced teacher of the technique. When businesses, charities and governments treat people as citizens, everything changes. We become equipped to face the big challenges of inequality, climate, pandemics and polarisation. So let's end the age of the consumer and begin the age of the citizen! With case studies from Kenya to Birmingham of inspiring individuals making a better future.*
